## How to: Make Stars from Sticks or Canes

### Five Pointed Star:

**Materials:** 5 straight sticks or garden canes (30 cm or longer)  
String or elastic bands  
Tinsel  
Dangle ribbon or, tinsel strands for hanging

### Steps:

1. Lay sticks to make a star.
2. For strength, weave the sticks to form the star.
3. Secure with string or elastic bands as you go along.
4. Decorate securely with tinsel or ribbon around the centre
5. Add a hanging loop

Larger stars can have the tinsel wound securely around the outline of the star.
